#2 WATER

Welcome to NUDE Magazine issue #2

"I personally view great fine-art Nude/Sensual photography at the same level as Wedding Photography One rarely gets a second chance to capture the perfect moment combining intimate emotion, pose, setting and light. A great image is one that stands the test of time and brings not only joy and awe to customers and viewers but also that knowing feeling to the photographer that they nailed the shot.

This issue brings together another set of great fine-art photographers that each bring their own unique perspective to capturing those special intimate moments with their amazing models whether in the studio, at remote mountains and lakes, at the beach or even under the ocean. -- Iain Lea
